PF

Plaster frame.

PFT

Plaster frame mount to T-bar diffusers.

DESCRIPTION:

1. Model PF is made of 6063 extruded aluminum alloy plaster frame and may be used in conjunction with most products. It can be surface mounted or flush-mounted depending upon the application. It allows for easy removal of grille, register or diffuser when extractors or balancing dampers may require adjustment.
2. Model PFT is auxiliary frame to mount T-bar diffusers on drywall or similar ceiling.
