MODEL:

AGBA

AGBA

Air diffuser with plenum

DESCRIPTION:

1. Designed for variable and constant volume systems-heated or cool air.
2. Full 180 degree diffusion-left, right, horizontal and vertical.
3. Maximum performance and flexibility-ideal for interior or perimeter installation.
4. Fully adjustable from the face-no field vane installation.
5. Low sound levels and minimum inlet pressure.
6. Compatible with a wide variety of suspended ceilings.
7. Felt seal on aluminum vanes restricts "dumping".
