

MODEL:

OL2-CHANNEL-CHEVRON

OL2- CHANNEL-CHEVRON

Outside air louvers with chevron blades and channel frame

DESCRIPTION:

1. Chevron Blade : 6063 extruded aluminum alloy with 200-R1 satin anodized finish. It utilizes a channel frame that is generally mortared in place. The chevron blade provides a sight-proof appearance.
2. An .080" aluminum extrusion is used for maximum strength with mechanically joined frame. The "J" blade configuration allows maximum free area.
3. 36" maximum one-piece construction for chevron blade. A 72" maximum height applies to this product. An I-Beam is furnished as a connecting mullion for multiple piece units.

OPTIONS:

1. Finish

- ANOD Clear Anodized
