

MODEL:

OL4-CHANNEL-K

OL4-CHANNEL-K

Outside air louvers with "K" blades

DESCRIPTION:

- "K" Blade: this model is mill finish 6063 extruded aluminum alloy with several high performance finishes available. Included in those are white, medium bronze, black, flat black.
 A storm-and-rain resistant "K" configuration blade is utilized to help turn back driving rain. This model has a flange frame and is 4" deep. .080" extrusion is used throughout for maximum strength with the mechanically joined frame. An I-beam is furnished as a connecting mullion for multiple piece units.
