Thinline Double Deflection Supply Grille with Front Blades Parallel to the Vertical Dimension

T-HV

Thinline Double Deflection Supply Grille with Front Blades Parallel to the Horizontal Dimension

DESCRIPTION:

1. Construction: 6063 Extruded aluminum frame mechanically interlocked with hairline mitered corner for strength. A double set of 6063 extruded aluminum blades on $\frac{3}{4}$ " centers provide air control in both vertical and horizontal planes. Blades are individually adjustable with zero metal-to-metal contact with the use of nylon bushings to eliminate noise, corrosion and vibration. Extruded flexible vinyl gasket is standard and produces a perfect positive air seal.
2. Optional screwdriver operated opposed blade damper with nylon bushings.
3. Standard fastening is countersunk screw holes.
4. Standard finish is White.

OPTIONS:

1. Finish

- ANOD Clear Anodized
- MB Medium Bronze
- B Black
- Custom _____

2. Frame style

- Beveled Frame Available
